

## February 2021 Featured Member Layout

February's featured layout was submitted by George Lasley. George's layout contains both 2-rail and 3-rail "O" scale. These photos are from the 2-rail Virginian section.

The pictures above are of George's model of the Virginian Railway bridge crossing of the New River at Glen Lyn, Virginia. The bridge was completed in 1909 and was removed in 1962-63.
